mistral® N'TRANCE

The new N'trance shape is ideal for camp and cottage fun. With an EVA foam top deck and a new stronger outer skin, this board is built to handle the abuse of beginners while providing exciting planing performance for intermediates. The fully retractable daggerboard provides easy upwind sailing in light winds, and in retracted mode, will have you planing and learning harness use and footstrap technique in no time.

mistral® PRODIGY

This board reintroduced the concept of one board for all wind conditions and applications. Perfectly stable for beginners to learn but also easily converts to a racing set up with a competition tune up kit. Wide, thick rails make upwind sailing in light conditions fast and sleek. On plane the Prodigy takes off and will propel your sailing to new levels. New padded foam deck and seamless rails give the Prodigy a custom look and improved performance.

TIGA X-GAME

Two X-GAMES boards offers easy learning and enhanced durability to take the abuse of camps and rocky shorelined cottages. The 210 has a retractable centerboard and extra width to ensure extra stability for learning the basics. Advancement to footstrap use is made easy with this grand cruiser. Both shapes offer fully padded EVA foam decks. The 165 offers express progress to freeride sailing, with a removeable centre fin and just moderate width so you can learn the basics and then advance to full intermediate planing, gibing and harness use.

mistral® SCREAMER mistral® SYNCRO

If cruising at high speeds and carving the smoothest of gybes is your M.O., then look no further. Improvement from past year Screamers include a new quad panel Vee bottom which lets the board sit higher increasing speed through chop by reducing wetted surface area. The new removable HYDROBLADE (located 60" from the tail) promotes early planing and smooths out bumpy rides. New Air Pod footpads and fin components highlight the overall quality of the Screamer series.

NORTH SAILS NATURAL Freemove/Freeride

The North Natural is our best selling NO CAM freeride sail. This year the Natural boasts an improved wind range and better handling with a more active twist top and reduced batten angles. In the larger sails the Natural offers great low end power, while the smaller sails focus on freemove handling. 5 year warranty is ensured by double seam technology and other quality North components.

THE MAST IS THE SKELETAL FRAME OF YOUR SAIL. IT REACTS TO THE PRESSURE OF THE WIND AGAINST YOUR SAIL AND GIVES YOU MOTION. THE HIGHER THE CARBON CONTENT OF YOUR MAST THE FASTER YOUR RIG REACTS TO THE WIND. THIS IS CALLED REFLEX RESPONSE. MORE CARBON CONTENT MEANS LIGHTER WEIGHT, LOCKED IN PRESSURE AND FASTER REFLEX RESPONSE. THIS MEANS THE FASTER THE WIND HITS YOUR SAIL THE FASTER YOUR RIG RESPONDS TO ITS POWER. GO FASTER, FEEL THE CONTROL..... GET MORE CARBON IN YOUR MAST.

140 lbs	5.5m ² - 11.0"
160 lbs	6.5m ² - 13.0"
180 lbs	7.5m ² - 14.5"
200+ lbs	8.5m ² - 16.5"

RACE / SLALOM FINS

Series 2000
 Sizes available(inches): 15.00/16.50/17.30/18.10/18.90/20.00/21.30/22.50
 \$199 solid base
 This design is the ultimate freeride/race fin for early planing in light winds. Excellent upwind and top end speed. Ideal for sails 6.5 to 10.5m². Made with G-10 glass.

Sweeper
 Sizes available(inches): 13.5, 14.5, 15.5, 16.5, 18, 19, 20.0, 21.3
 \$199 solid base
 The sweeper targets the new generation wide style boards. This freeride design covers a broad range of uses and compliments a wide board, making gybes smooth and easy. Use with sails 6.0m² to 10.5m². Made with G-10 glass.

Slalom Pointer
 Sizes available(inches): 13.5, 15.5,
 \$119 E-base \$139 solid base
 Best priced polyester slalom fin.

WAVE CONVERTIBLE FINS

Convert
 Sizes available(inches): 9.75/10.25/11.00/11.75/12.50/13.25
 \$159 E-base \$179 solid base
 This proven convertible fin has a huge wind range. Perfect for onshore wave conditions, bump and jump, and freestyle sailing. Works with sails 4.0 - 7.0m². Made with G-10 glass.

Side On
 Sizes available(inches): 8.50/9.00/9.50
 \$119 E-base \$139 solid base
 This wave fin excels in bay or lake type sailing. The slightly more vertical rake of this fin makes staying upwind easier, especially in onshore wave conditions. Works with sails 4.0 - 5.7m². Made with polyester glass.

Enduro
 Sizes available(inches): 7.25/7.75/8.25/8.75/9.25/9.75
 \$129 E-base \$149 solid base
 This wave design is wide in the base for holding power and soft and flexible in the tip for quick, slushy maneuvers. The Enduro gives you ultimate control in surf and chop. For sails 3.5 - 6.0 m². Made with G-10 glass.

HYDROTECH FIN'S

Hydrotech Weed
 Sizes available(cm): 29 / 35 / 39 / 46 / 50
 ON SALE.. \$129 Power or Tuttle box
 This slalom freeride fin is a quality G-10 construction designed for early planing and slightly swept for maneuverability. Brought in factory direct to save you money. Perfect for the new widestyle boards.

Hydrotech Weed
 Sizes available(cm): 32, 36, 40, 44, 48
 \$149 Power, Trim or Tuttle box
 Now a weed fin that doesn't drag weeds or your wallet down. G-10 construction construction is top quality. Available in three sizes 40 cm, 44 cm, or 48.

Blade Weed WEED FINS

Sizes available(inches): 10.00/11.00/12.50/13.50/14.50/15.50/16.50/17.50
 \$189 E-base \$209 solid base
 This is a weed fin for speed freaks. It is built with G-10 glass so it can have a narrow chord width and is angled deeply to shed weeds. For sails 4.0 and up. A must if you sail at Rondeau, Keswick or Skugog.

Santa Barbara Weed
 Sizes available(inches): 16.50/18.00
 \$179 E-base \$219 solid base
 Modeled after the "Blade Weed", this fin has less rake (5 degrees) and is ideal when weeds are not so thick, like coastal seas. Less rake enhances the performance of the fin. Great for sails 6.5 and up. Made with G-10 glass.

COTTAGE REPLACEMENT

Plastic Fin
 Sizes available(inches): 13.00 Only
 \$49 one size
 This is a plastic replacement fin that fits almost all older model windsurfers out there. Includes nut & bolt

Get that part you want fast... don't wait until the next time you go out to find out you forgot... Have it delivered to your door at home or office.
